

Fifth Annual Canoe Marathon Set For September 15 Here

The mighty and scenic AuSable River, steeped in lumber lore and famed for its fighting trout and scenic beauty will again challenge some of the best canoeists in the midwest and Canada. This Michigan river will be the scene of the Fifth Annual Michigan Canoe Championship, September 15-18.

The race, which has its starting point at Grayling, on US-27, follows the stream through Mio, to the finish line at Oscoda-AuSable, on US-23 and Lake Huron's shores. It's a grueling 240-mile non-stop grind where brawn and knowledge of this winding river, with its large bodies of backwaters and sunken logs, are a deciding factor.

An estimated 30 teams of crack canoeists from Michigan, Ohio, Minnesota and Canada will compete for the Marston Memorial Trophy and \$1,600.00 in cash awards.

Along the course are six huge power dams that require portaging with all but the last, Footo Dam, made under the cover of darkness.

The first canoe will be put into the river at Grayling on Saturday, September 15 at 3:00 P. M. Other canoes will follow at 10-second intervals to avoid crowding at the start where the stream is narrow. This time differential will be adjusted at Footo Dam so that the first canoe crossing the finish line will be declared the winner.

Ever since the start of this fall tourist event the running time has been lowered. The 1950 canoe classic, won by Ted Engle, Jr., of Gaylord, and Jay Stephan, of Grayling, was run in 18-hours and 32-minutes.

From the spectator's standpoint, it is an exciting and scenic attraction with numerous vantage spots along the course. Old lumber

School Bell Rings In Frederic, Sept. 4

The Board of Education of the Frederic Rural Agricultural School District including Frederic, Maple Forest, Lovells and Waters School, announces that the school will open Tuesday, Sept. 4, at 9:00 A. M. for enrollment and organization for the new school year.

The faculty for 1951-52 will be the same as last year.

Supt. of Schools — John A. B. MacAuley, M. A.

High School:

Science, Shop, Coach — Robert M. Schrandt, B. S.; Home Economics, English — Mrs. Margaret Boerner, B. S.; H. S. Math. and 8th grade — Mrs. Anita Schrandt, B. A.

Grades:

1st & 2nd — Mrs. Catherine Anderson, B. A., 4th & 5th — Mrs. Gene Cornwall, Special Cert.

2nd & 3rd — Mrs. Sarah Smith, Life Certificate; Kindergarten & 1st — Mrs. Ethel Puffer, Special Certificate.

Bus drivers are Rev. Luke Hall for Maple Forest, Waters, and Frederic Township and Clayton Kellogg for Lovells and part of Maple Forest. Charles Post will operate his car by contract for students west of Frederic and west of the AuSable River.

The school building has been renovated and decorated through the efforts and direction of the school custodian, Vaughn Weaver. The Board of Education directed the improvements on the school grounds, completely enclosing them with protective shield of fence posts.

Supt. MacAuley was notified by the Department of Public Instruction, that after submitting the Self-Survey report concerning the faculty and facilities for 1951-52, the school was again approved as a 12th grade Tuition School for the years 1951-1952.

Guard Division Bowling Champs Crowned Here

The championship bowling team of the 46th Division was crowned here last week before the Guard units left for home. The champs were from the Headquarters Company of the 126th Infantry from Grand Rapids.

Comprised of B. Konwinski, G. Claffin, J. Schneiders, J. Scherhorn and B. Golembiewski defeated a team of the Headquarters and Headquarters Detachment of Lansing. The winners rolled games of 883, 843 and 887 to defeat the Lansing team's scores of 844, 789 and 722. High man for the champs was Golembiewski who rolled games of 243, 182 and 231 for a three game total of 636. Konwinski was second high with 597 on games of 214, 180 and 203.

Notice Women Bowlers

The Women's Bowling League is having a meeting tonight, August 30 at 8:30 P. M. in the Legion Hall basement. All those interested in bowling, sponsors and officers are urged to attend. Any one planning to bowl who can't start the season but expects to bowl before the season is over should pay their sanction fee of 50 cents now as there is a time limit on collecting said fee. Only sanctioned bowlers are allowed to bowl in the league or in match play held at the alleys.

\$100,000,000 A Year For Research

No industry is more deeply involved in scientific research than oil. Annual expenditures for this purpose now run to more than \$100,000,000 a year. The number of technically trained men engaged in research and development is at least 40 times as large as in 1916.

There are three primary reasons for research—to evolve new oil products, to better existing products, and to reduce the cost to both producer and consumer. Oil has been successful in all three fields. In 35 years, the actual yield of gasoline from a barrel of crude oil has more than doubled. The potential yield has quadrupled. And the average octane rating of motor gasoline has been increased to the point where, in an engine designed to utilize it effectively, one gallon of today's gas will do the work of two of 1916 quality.

Today's piston engines for military planes produce 10 times as much power with only half the weight per horsepower, as the best engines in use in World War I. The tremendous improvement that has taken place in the quality of aviation gas and lubricants has been a major factor in producing the result.

To cite one more achievement of research, in spite of the improvement in quality, the price of gasoline in the United States excluding taxes, since the last world war has been so low that it represents a saving to the public of over \$4,000,000,000 a year by comparison with the 1920 prices. Technology has played a big role in holding costs down.

Oil looks with justified pride on its past achievements, but it isn't standing still and patting itself on the back. Research is going ahead at an accelerated rate. Chemistry is working more and more miracles. And everyone in the country benefits.

Local Club Members
To Attend Convention

The Kiwanis Club of Grayling will be represented at the 1951 convention of the Michigan Kiwanis District to be held September 16 to 19 at Lansing. Club President, Roy O. Milnes announced today.

C. I. Moyer, prominent Topeka, Kansas, attorney and trustee of Kiwanis International, will be featured on the speakers program during the four day meeting.

Delegates from 119 clubs in the district, representing a membership of 7,000 business and professional leaders, will participate in the various sessions. Committee conferences, a discussion of plans for the coming year, and election of officers will highlight the convention program Milnes said.

The presiding officer will be Walter F. Patene, Lansing businessman and governor of the Michigan Kiwanis District.

Mr. Moyer, who will serve as official representative of Kiwanis International at the convention, is also a tax administrator and former Kansas legislator. He is active as a farmer-stockman, and is a director of the Kansas State Livestock Association, and a member of the Kansas State 4-H Camp Development Committee.

Delegates who will represent the Kiwanis Club of Grayling at the meeting are President Milnes, Max Davenport and Wesley LaGow.

At Monday night's regular meeting of the club, Dr. B. E. Henig was inducted into the club. Those taking part in the induction were Art Clough and Charles E. Moore. Dr. C. R. Keyport presented the Kiwanis membership pin to his associate, Dr. Henig.

Hold Family Reunion

The 5th family reunion of Rasmus Rasmussen was held at the farm home of Mr. and Mrs. Don Lanway, Kingston, Michigan on July 22. Among those present were the M. T. Youken family and friends of Detroit; Verner Rasmussen and friend of Dearborn; the Eric Spitzer and Gordon Sullivan families of Mt. Clemens; Edward Creque family and friends of Holly and Flint; Roy Newton family and friends of Pontiac, and daughter, Vivian of Pennsylvania; Mrs. Amy Gothro and Sam Rasmussen of Grayling. Following is the clever invitation received by the family and composed by (Virginia Newton) Mrs. Don Lanway:

There is going to be another. The date has just been set. So tell your sis and brother. This will be the merriest yet. Put all your worries back to bed. Just bring your smiling face. I'm sure your gonna feel well fed down at the Lagway place. The kids are getting anxious. For another famous game. That makes the Detroit Tigers look as tho' they have no fame. So we hope you all can make it in a happy, carefree way. Cause on July the twenty-second its Rasmussen Reunion day.

Oaks Family Reunion

The thirtieth Oaks family reunion was held at Higgins Lake State Park on August 11, 1951. Long tables were filled with delicious food and 72 sat down to eat their fill. Next came the business meeting. Dale Parker, president called this meeting to order. The minutes of last year were read and approved and letters from relatives were on hand for all to read. Letters were received from Flint, Melrose Park, Ill., San Francisco, Calif., Mobile, South Dakota, Kinbrato, Minnesota, Worthington, Minnesota, Brewster, Minnesota, Oxnard, California, Hutchinson, Minnesota, and Aberdeen, South Dakota. Also pictures of relatives from these states were received for all to see.

Next the question of where to have the next reunion. Saginaw having the largest vote we will go there in 1952. The officers for next year are: President, Claud Nash, Saginaw; vice president, Ray Oaks, Lupton; secretary and treasurer, Phyllis Nash, Saginaw. The entertainment committee will be Mrs. Ray Oaks, Mrs. Mable Sparkes, Mr. Norman Parker, Mrs. Betty Palmer.

Next in order were games for all. Winners were: Women's race, Shirley Parker; mens race, Norman Parker; girls race, Mary Ann Stuckey; small girls race, Carla Jo Deckrow. Asked how she won she said, "I ran like mad." She is 2 1/2 years old. In putting puzzles together, the fastest, was Lois Barnes. Coming the farthest was Arthur Sparkes, Fort Knox, Kentucky. Oldest, Bertha Oaks. Youngest, Cynthia Stuckey. The largest family was John Stuckey with five girls. The mystery prize was won by Kate Deckrow. The liars contest was won by Bertha Oaks (My Bertha) for the largest one. Eureka Stephan, secretary and treasurer.

Ice cream was passed to young and old and as it was hot one came back for seconds. Then every one went to the ball park for that good old game of baseball. After which every one left for home dreaming about next year and what they can do to make it a grand and better reunion.

Eureka Stephan, secretary and treasurer.

Michigan's outstate legislators declined to appropriate funds for Southeastern Michigan TB sanatoriums, and went home from the Special Session with the hot breath of reapportionment fanning their necks.

Detroit's Herman Keifer hospital was granted \$300,000. (It asked for \$2,000,000). Oakland county hospital received nothing. Requested \$230,000. Wayne county delegation cried it was "cold down the river", and the live for reapportionment receiving

ed added impetus.

Senator George N. Higgins (R-Ferndale) sounded the warning when he shouted: "You men (out-of-towners) are bringing about a constitutional amendment reappportioning the legislature—then the shoe will be on the other foot".

Outstate lawmakers, who control both houses, continually have blocked reapportionment for fear of losing control to the heavily populated Southeastern area.

However, state lawmakers did boost old age assistance. The state will double any amount given by the federal government not to exceed \$70. It now is \$30, but a bill before Congress would increase it to \$33 monthly; making a total of \$66. Gov. Williams, who had asked a \$70 guarantee, expressed his disgust at the "Rube Goldberg arrangement". He also was disgruntled when \$5,000 was not appropriated for state flags to be sent to Korea.

School enrollment padding investigation continues. The North Adams board of education has admitted receiving \$2,012 in overpayment on the school lunch program and has returned a check in that amount to the state.

Crop progress in the state looks good, despite heavy damage in Berrien county from hail. The loss was localized and will not affect the overall picture.

A bumper crop of Michigan babies is expected this year. Already 80,795 babies have been registered in the first six months—an increase of 1,904 over 1947, previous high year. Births for the same period last year, 72,348.

Michigan's Prohibition party this year has started a rehabilitation program. Plan underway would finance the party with from one to five-cents-per day contributions from party members. Party's executive committee this fall will open a drive for 9,627 petitioners to put the party back on the state ballot.

A small chuckle was heard in Lansing when the Michigan Table Top Licenses Congress (tavern owners association) received by error the bank statement of the Michigan Temperance Foundation. The Foundation, of course, was sent the Table Top accountings. It wasn't pleased.

Consumers Power Company has asked permission to add 10,000 new gas space heating customers. Request arrived one day before federal restrictions "froze" space heating. Consumers vice president M. W. Arthur, said the timing purely coincidental. "We filed the petition when we thought we were ready to add customers," he said.

Charles Figy, director of the state department of agriculture, was a bit crushed when he was criticized for NOT spending state money. The Michigan Association of County Drain Commissioners condemned him for sending only two (not four) men to a recent meeting. Says Figy: "Governor has asked us to cut down on all unessential travel." He saved the state \$200.

The Michigan State Fair has an estimated 15,000 exhibits, some 3,000 more than last year—a trend reflected in most county fairs this year.

Labor Day no longer marks the end of Michigan's tourist season. Recent surveys shows some 70 percent of the resorts in Western Michigan will remain open through September and some even in October.

Vitriolic Red-hunting Joseph R. McCarthy will come before a Michigan crowd Sept. 14 when he speaks at the Branch county 4-H Club fair in Coldwater. His speech will highlight "Republican Day", an event of no mean importance in Southern Michigan.

A huge display of military might at the National Air Races gave Russian army officer a belly ache. After a quick inspection, Major Leonid Pivnev said: "I have a stomach ache. I think it's appendicitis. I am going back to Washington right away."

The Michigan State Federation of Women's clubs plans a campaign to establish a Girls' Town similar to Nebraska's Boys' Town. The state's 30,000 federated club women will be asked to raise \$150,000. Land in the Western part of the Upper Peninsula is being considered.

The Detroit official urges prospective home owners not to be stampeded into buying by "wild talk" about "drastic shortages" of essential metals and its effect on future home building.

Michigan State College is putting the finishing touches on its giant Kellogg Center for Continuing Education. Financed largely through a grant from the Kellogg Foundation of Battle Creek, the modern seven-story structure is scheduled for completion in September.

Believed to be the number one building of its type in the U. S., the Kellogg Center will contain extensive facilities for the college's broad program of adult education and for a working laboratory for hotel and restaurant students. It contains 183 double hotel-type rooms, dining facilities for 1,000 persons, auditorium, ballroom and numerous conference and exhibit rooms.

The Kellogg Center is designed specifically to accommodate the thousands of Michigan residents

who come to the campus annually for special courses and conferences of benefit to them in their professions and everyday living. These programs are developed by the Continuing Education Service for educators, bankers, farmers, engineers, industrial personnel, florists, homemakers, radio broadcasters and any other groups desiring such services. College officials estimate that about 80,000 people will participate in these programs during the 1951-52 year.

Hotel and restaurant management students at Michigan State will gain valuable practical experience by working with all phases of the building's operation. The accommodations of the Kellogg Center approximate those of an average sized hotel, officials point out, and should provide on-the-job training not matched by any other U. S. college or university.
